

# **CALDERDALE LOCAL PLAN**

## **ADDITIONAL CHANGES TO SCHEDULE OF MINOR BOUNDARY CHANGES TO GREEN BELT PAPER**

**Calderdale Metropolitan Borough Council**

**2022**

## **ADDITIONAL CHANGES TO SCHEDULE OF MINOR BOUNDARY CHANGES TO GREEN BELT PAPER**

The production of this paper has been necessitated by the need to carry out a final clean-up of the Green Belt boundary following completion of the Examination Hearings into the Calderdale Local Plan. The paper details changes that have been necessitated by base map corrections, changes to proposed site allocations and any other incidental changes that affect Green Belt as the Council moves towards consultation on Main Modifications.

This paper should be read in context with the Council's Technical Paper on Exceptional Circumstances for the release of Green Belt (EV09), Additional Changes to Schedule of Minor Boundary Changes to Green Belt Paper (CC48.1) and Chapter 19 of the Calderdale Local Plan. This paper follows on directly from the Schedule of Minor Boundary Changes to Green Belt Paper (CC48) and details additional minor boundary changes to the Green Belt. Each location is identified on the accompanying maps with detailed justification where it is concluded that the boundary should be realigned.

Table 1: Green Belt Additions

<b>Site Ref</b>	<b>Longitude</b>	<b>Latitude</b>	<b>Minor/Major</b>	<b>Reason for Change</b>
<a href="#"><u>GBA194</u></a>	407881	430220	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of residential properties to the South.
<a href="#"><u>GBA195</u></a>	412241	429425	Minor	The GB boundary does not appear to follow current recognisable features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of the properties to the South.
<a href="#"><u>GBA196</u></a>	411414	424121	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the outline of the residential property to the South.
<a href="#"><u>GBA197</u></a>	412078	426996	Minor	The GB boundary should be redrawn in this location to more accurately reflect physical features on the ground in order to make it more defined and defensible.

				It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Western boundary of the road.
<a href="#">GBA198</a>	412162	427047	Minor	The GB boundary should be redrawn in this location to more accurately reflect physical features on the ground in order to make it more defined and defensible. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Northern and Eastern boundaries of the road.
<a href="#">GBA199</a>	412358	420733	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of the residential properties to the North.
<a href="#">GBA200</a>	412752	421457	Minor	The GB boundary should be redrawn in this location to more accurately reflect physical features on the ground in order to make it more defined and defensible. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Southern boundary of the road.
<a href="#">GBA201</a>	409105	419202	Minor	The GB boundary should be redrawn in this location to more accurately reflect physical features on the ground in order to make it more defined and defensible. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Northern boundary of the road.
<a href="#">GBA202</a>	403566	420648	Minor	The GB boundary should be redrawn in this location to more accurately reflect physical features on the ground in order to make it more defined and defensible. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Southwestern boundary of the road.
<a href="#">GBA203</a>	403463	421189	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Southern bank of Lumb Clough.

<a href="#">GBA204</a>	403359	421314	Minor	The GB boundary should be redrawn in this location to more accurately reflect physical features on the ground in order to make it more defined and defensible. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Northern boundary of the road.
<a href="#">GBA205</a>	404504	422125	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Northwest boundary of Stansfield Mill Lane and the Southwestern bank of the River Ryburn.
<a href="#">GBA206</a>	404396	419484	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of the residential properties to the Northwest.
<a href="#">GBA207</a>	402967	418247	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of the residential properties to the East.
<a href="#">GBA208</a>	403007	418590	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Western bank of the River Ryburn.
<a href="#">GBA209</a>	403940	426231	Minor	The GB boundary should be redrawn in this location to more accurately reflect physical features on the ground in order to make it more defined and defensible. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Northern boundary of the road.
<a href="#">GBA210</a>	403172	426455	Minor	The GB boundary should be redrawn in this location to more accurately reflect physical features on the ground in order to make it more defined and defensible. It

				is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Western boundary of the track.
<a href="#">GBA211</a>	403244	426461	Minor	The GB boundary should be redrawn in this location to more accurately reflect physical features on the ground in order to make it more defined and defensible. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Northwest boundary of the track.
<a href="#">GBA212</a>	402750	425971	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA213</a>	402682	425910	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA214</a>	402623	425856	Minor	The GB boundary should be redrawn in this location to more accurately reflect physical features on the ground in order to make it more defined and defensible. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Southeast boundary of the road.
<a href="#">GBA215</a>	402653	425935	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA216</a>	399809	428579	Minor	The GB boundary should be redrawn in this location to more accurately reflect physical features on the ground in order to make it more defined and defensible. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundary of Parrock Lane.
<a href="#">GBA217</a>	399977	428267	Minor	The GB boundary does not appear to follow current recognisable features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and

				follow the boundaries of the properties to the North.
<a href="#">GBA218</a>	400070	428331	Minor	The GB boundary should be redrawn in this location to more accurately reflect physical features on the ground in order to make it more defined and defensible. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Western boundary of the road.
<a href="#">GBA219</a>	399011	426988	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA220</a>	398198	427954	Minor	The GB boundary does not appear to follow current recognisable features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of the properties to the Northeast.
<a href="#">GBA221</a>	398868	427331	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA222</a>	398944	427459	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA223</a>	399097	427847	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA224</a>	404713	428578	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA225</a>	413604	425601	Minor	The GB boundary does not appear to follow current recognisable features on the ground. It is considered more appropriate to align the GB boundary with

				the Ordinance Survey base map and follow the boundary of the property to the Southeast.
<a href="#">GBA226</a>	416459	422689	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA227</a>	416481	422644	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA228</a>	413558	420725	Minor	The GB boundary does not appear to follow current recognisable features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundary of the property to the Northwest.
<a href="#">GBA229</a>	410434	420090	Minor	The GB boundary does not appear to follow current recognisable features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of the properties to the North.
<a href="#">GBA230</a>	403960	422978	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA231</a>	404514	424226	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA232</a>	404550	424185	Minor	The GB boundary does not appear to follow current recognisable features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundary of the property to the East.
<a href="#">GBA233</a>	405713	424215	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately

				reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA234</a>	405545	425266	Minor	The GB boundary does not appear to follow current recognisable features on the ground. It is considered more appropriate to align the GB boundary with the Ordnance Survey base map and follow the boundary of the property to the North.
<a href="#">GBA235</a>	406709	426768	Minor	The GB boundary should be redrawn in this location to align with the Ordnance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA236</a>	406737	426700	Minor	The GB boundary should be redrawn in this location to align with the Ordnance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA237</a>	406763	426697	Minor	The GB boundary should be redrawn in this location to align with the Ordnance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA238</a>	407946	429506	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordnance Survey base map and follow the outline of the property to the South.
<a href="#">GBA239</a>	403998	422913	Minor	The GB boundary should be redrawn in this location to align with the Ordnance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBA240</a>	407811	421185	Minor	Area of Green Belt land no longer proposed to be removed from the Green Belt. Site LP1407- Land off Scar Bottom Lane, Greetland, Elland, HX4 8PQ – has been deleted from the Local Plan.

Table 2: Green Belt Deletions

Site Ref			Minor/Major	Reason for Change
<a href="#">GBD323</a>	408060	430423	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundary of the residential property to the East.
<a href="#">GBD324</a>	405696	428260	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of residential properties to the Southeast.
<a href="#">GBD325</a>	412442	429204	Minor	GBD325 is a spur of GB that serves no purpose in terms of GB policy. It is considered more appropriate to exclude this area from the GB in order to create a more defined and defensible GB boundary.
<a href="#">GBD326</a>	411704	428321	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD327</a>	411407	424121	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD328</a>	411444	424019	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundary of the residential property to the Southwest.
<a href="#">GBD329</a>	411015	424081	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.

<a href="#">GBD330</a>	412815	420832	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD331</a>	407918	419581	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of residential properties to the East.
<a href="#">GBD332</a>	408801	420058	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD333</a>	403153	419221	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundary of the residential property to the Northwest.
<a href="#">GBD334</a>	404332	422085	Minor	The GB boundary should be redrawn in this location to more accurately reflect physical features on the ground in order to make it more defined and defensible. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Western boundary of the road.
<a href="#">GBD335</a>	402987	418277	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD336</a>	405872	424876	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD337</a>	405636	424606	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately

				reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD338</a>	405635	424558	Minor	The GB boundary should be redrawn in this location to more accurately reflect physical features on the ground in order to make it more defined and defensible. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Northeast boundary of the track.
<a href="#">GBD339</a>	405632	424582	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD340</a>	405689	424820	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of residential properties to the North.
<a href="#">GBD341</a>	405694	424810	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD342</a>	403897	426359	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD343</a>	402719	426401	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD344</a>	399796	428825	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD345</a>	399685	428723	Minor	The GB boundary should be redrawn in this location to more accurately reflect

				physical features on the ground in order to make it more defined and defensible. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Western boundary of the road.
<a href="#">GBD346</a>	399907	428325	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of residential properties to the Northeast.
<a href="#">GBD347</a>	399994	428317	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD348</a>	399182	426802	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundary of the residential property to the Northeast.
<a href="#">GBD349</a>	399046	426972	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundary of the residential property to the East.
<a href="#">GBD350</a>	398994	426978	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD351</a>	398017	426984	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD352</a>	398187	427969	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately

				reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD353</a>	398863	427326	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD354</a>	404386	428540	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD355</a>	404501	428708	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of residential properties to the Southeast.
<a href="#">GBD356</a>	402009	425798	Minor	The GB boundary should be redrawn in this location to make it more defined and defensible.
<a href="#">GBD357</a>	401213	425376	Minor	The GB boundary should be redrawn in this location in order to align with the site boundary of LP1622 – Top Land, Cragg Vale.
<a href="#">GBD358</a>	412746	426147	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of residential properties to the Northwest.
<a href="#">GBD359</a>	413474	425540	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundary of the residential property to the West.
<a href="#">GBD360</a>	413652	424553	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance

				Survey base map and follow the boundary of the residential property to the West.
<a href="#">GBD361</a>	413595	425574	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundary of the residential property to the East.
<a href="#">GBD362</a>	414787	424516	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD363</a>	416063	422656	Minor	GBD363 is a spur of GB that serves no purpose in terms of GB policy. It is considered more appropriate to exclude this area from the GB in order to create a more defined and defensible GB boundary.
<a href="#">GBD364</a>	413544	420646	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundary of the residential property to the South.
<a href="#">GBD365</a>	413559	420736	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of residential properties to the West.
<a href="#">GBD366</a>	412917	420738	Minor	The GB boundary should be redrawn in this location to more accurately reflect physical features on the ground in order to make it more defined and defensible. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the Southern boundary of the road.
<a href="#">GBD367</a>	413280	423801	Minor	GBD367 is a spur of GB that serves no purpose in terms of GB policy. It is considered more appropriate to exclude this area from the GB in order to create a

				more defined and defensible GB boundary.
<a href="#">GBD368</a>	412056	422162	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD369</a>	412175	421320	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD370</a>	410375	420120	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD371</a>	410337	423121	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD372</a>	404301	422855	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD373</a>	404532	424210	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD374</a>	405750	424209	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of residential properties to the South.
<a href="#">GBD375</a>	405526	425274	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance

				Survey base map and follow the boundary of the residential property to the Northeast.
<a href="#">GBD376</a>	406721	426738	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD377</a>	406762	426708	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD378</a>	406764	426702	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundary of the residential property to the West.
<a href="#">GBD379</a>	406755	426692	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD380</a>	407074	426924	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in order to make it more defined and defensible.
<a href="#">GBD381</a>	406764	428330	Minor	The GB boundary should be redrawn in this location to make it more defined and defensible.
<a href="#">GBD382</a>	407959	429556	Minor	The GB boundary does not appear to follow current recognisable property boundaries or features on the ground. It is considered more appropriate to align the GB boundary with the Ordinance Survey base map and follow the boundaries of residential properties to the West.
<a href="#">GBD383</a>	407952	429500	Minor	The GB boundary should be redrawn in this location to align with the Ordinance Survey base map and more accurately reflect physical features on the ground in

				order to make it more defined and defensible.
<a href="#">GBD384</a>	414849	424436	Minor	The GB boundary should be redrawn in this location in order to align with the site boundary of LP1463 – Thornhills Lane Garden Suburb, Brighouse.
